Manuel A. Alzugaray, M.D.
2340 Coral Way
Miami, Florida 33145

Dear Dr. Alzugaray:

Please allow me to express my gratitude for your recent letter informing me of your commendable efforts at improving health care in Nicaragua.

I would also like to congratulate you for being named as a consultant for the Nicaraguan Ministry of Sports Medicine. I wish you and the rest of the Miami Medical Team much success in this new program and in eliciting support in your drive to obtain medical equipment for this cause.

As you stated in your letter, health care conditions in Nicaragua are in a precarious state. However, it is encouraging to see such dedication by persons such as yourself, by helping coordinate that country's medical needs, as it continues its renaissance. With efforts like these, Nicaragua can again be a thriving and prosperous nation.

Once again, congratulations on your appointment. If ever I can be of assistance to you, please do not hesitate to contact me.

Sincerely,

Ileana Ros-Lehtinen
Member of Congress
