Dear Dr. Alzugaray:

Thank you so much for the letter you sent me recently in which you outlined the Miami Medical Team Foundation's commitment to the continuation of relief efforts for the victims of Hurricane Andrew in South Florida, as well as the victims of natural disasters in other regions of the world.

I would like to extend my sincere congratulations to you and the dedicated team of doctors and nurses for your commendable work in coordinating these relief efforts.

It is my hope that we can all work together so that we may soon recover from this tragedy which has occurred in South Florida. With your commitment and dedication to your civic duties, I am confident that your efforts will continue to benefit those who are fortunate enough to receive the Foundation's kindness.

Once again, thank you for taking the time to share with me your wonderful efforts to help these victims. Please accept my best and warmest wishes for you and the Foundation's every success.
