

THE VICE PRESIDENT  
WASHINGTON

July 9, 1984

Manuel A. Alzugaray, M.D.  
1797 Coral Way (S.W. 22nd Street)  
Miami, Florida 33145

Dear Dr. Alzugaray:

Thank you for your letter of June 29, 1984,  
concerning your humanitarian task force to Central America.

It was thoughtful of you to write, and I appreciate your having taken the time to inform me of the medical care you are providing to the people of Central America. Your humanitarian solutions to the problems in Central America are commendable. I respect and admire your courage and the courage of those who work with you. I have taken the liberty of sharing your letter with officials at the Department of State to make them aware of the fine work you are doing and of your efforts to care for the people in Central America who are in such great need.

With best wishes,

Sincerely,

George Bush
